MEMORANDUM FOR: Deputy Director (Support)

SUBJECT: Supply Requisition for 150 Two-Drawer Safes
at \$340.32 each - Total \$51,048.00

1. On March 15, 1961, [] returned this supply requisition to Logistics with non-concurrence. He did this on the basis that Logistics' two principal customers (DD/P and Communications) have no foreseeable use for any such amount of stock. The only other customer is Personnel with one requisition for one safe.

At best, Commo has "possibilities" only for 10 to 15 safes within the next two to three years. DD/P is withdrawing, for further review, its two requisitions for three safes. The other requisitions for six safes cannot be located by us.

In addition, [] has not made a "statement" about the previous two years issuance of safes.

My view was, and is, that such a substantial requisition should not be placed. I agree with the non-concurrence.

2. Both DD/P and Commo reaffirm their original position.

3. The quoted experience over the last two years by Logistics' memo attached here, I deem irrelevant. In fact, 46 of the 58 Headquarters units referred to therein were not normal requirements and will be returned to stock in September-October of this year. However, our turn-down is regardless of this last fact.
